## CFC-O Campaign Begins

This year's Combined Federal Campaign, the largest public sector fund-raising drive in the world, runs Oct. 1 to Nov. 15. During the campaign season, donors can designate contributions to a variety of deserving American and international charities through the CFC. Funds raised are a vital source of revenue for local family support and youth activity programs. CFC dollars also enable overseas installations to provide free or reduced-cost programs so that the entire cost of financing special activities is not passed onto those serving overseas and their families. Road/Weather Conditions

0711-729-2474

## Autobahns Have Speed Limits

Many people do not realize that stretches of autobahn without a marked speed limit still have a recommended limit of 130 kilometers per hour (80.77 mph). German law also requires drivers to adjust speeds to meet road, traffic and weather conditions and to take into account the type of vehicle and load.

Drivers won't get a ticket for high speed driving on the unmarked stretches during good weather, but they are taking huge risks when they travel over the recommended limit. U.S. Army Europe safety officials stress that driving too fast for conditions, over the recommended speed limit, or beyond the vehicle's condition or tire speed rating has consequences. At 80 mph, a vehicle travels 117.2 feet per second. Before the driver can react to brake, the vehicle has traveled 77 feet and travels more than 416 feet before it can be stopped. And this happens only if the driver's

reaction time is not longer, the brakes are working properly and the tires are not worn or impaired by rain, mud, ice or snow. Trucks take more than 150 additional feet to stop at that speed.

### PPP Briefing Online

The Department of Defense CARE office recently sponsored Priority Placement Program briefings in several communities throughout U.S. Army Europe. The briefing is now available online at [www.chrma.hqusareur.army.mil](http://www.chrma.hqusareur.army.mil) in the "What's New" section. Targeted for management officials, supervisors of DOD civilian employees and employees whose tour in USAREUR is expected to end within the next 12 months, the briefing familiarizes civilian employees with the basic policies and procedures of PPP.

### Report Suspected Espionage Incidents

Community members can help prevent subversion and espionage by guarding against the collection efforts of foreign intelligence services.

Watch for those who attempt to gain information through threats, coercion, bribery or trickery. Report incidents by calling the Stuttgart Military Intelligence Office, 421-2206/civ. 0711-729-2206.

### Neighborhood Safety Tips

Be alert to public works crews and other foreign nationals requesting access to your home; verify identities through a peep-hole before allowing anyone entry. Write down license plate numbers of suspicious vehicles and note

descriptions of occupants. Be suspicious of inquiries about the whereabouts or activities of other family members, and always report suspicious activity to the military police or local law enforcement.

## SERVICES

### Media Center Expands E-Mail Lists

Do you have difficulty sometimes finding a copy of the Stuttgart Community Post? Do you feel "out of the loop" on major happenings in the community because you can't break away from your workplace/personal computer? The 6th ASG Media Center is updating and expanding its e-mail lists of individuals who would like to receive the Stuttgart Community Post via e-mail every week before it is available in print. The Media Center also maintains a list of individuals who wish to get notifications of important happenings in the community, force protection updates and urgent notices. These messages won't clog up your inbox – the average amount of mailings is about one per week. To be put on either or both lists, simply e-mail [media@6asg.army.mil](mailto:media@6asg.army.mil).

### Special Leave Accrual Information

As a result of the 9/11 terrorist attacks last year, many service members were authorized to carry forward up to 20 days over the 60-day limit of "use or lose" leave. Service members who have a SLA leave balance should be concerned about the process because not paying attention to detail can result in expending the SLA prematurely. For more information on SLA, contact the following personnel or appropriate finance office: Army, 430-5608/5411; Navy, 430-8549/7278; Air Force, 430-8340; Marines, 431-2396.
